

IPS Council Meeting – Dec 11th, 2017

Poinsettia Drive - Discussion

Connie:

\$50 short, but likely due to a class ordering, families picking up, but not paying. Event was profitable (approx. \$300 raised)

Money is sent to school, and then back to us, and with kids involved – logistically complicated
Should perhaps take orders in the Warm Room, as opposed to sending order forms home with kids
Should try to promote e-transfer / electronic payment

An idea to bypass school for other fundraisers as well – BBQ, hats, etc.

Alternate ways of taking orders, electronic payment acceptance

- Exploring an online method to do this – Shannon and Jason
- Set up order sales station in warm room

Nadine on Roles:

If money is being collected at the school, direction will be given to Scott to ensure money comes back to Shannon
Need to better define roles

Next logical person is Laura-Maria, who manages Fundraising

Co-coordinate events, and divide up activities into roles

Ideally, have 2 people coordinating each event

Jason:

look at survey to determine best meeting dates

2 of 4 meetings will have a speaker booked - Math and Anti-bullying

Survey feedback (Jason)

Not convenient (childcare, etc.)

Need to send clear Agenda prior to meetings

6pm seems to be best - ranges between 5 – 7:30pm

Dates / Meetings

Moving Forward - Meeting Dates and Time

Should we alternate days / evening based upon the month

Also requires confirmation with Longos to ensure space is available

Later evening (6pm) could be preferable to earlier - easier for folks to get to meeting after work, ensure kids are fed and set up etc.

Dec 20th Meeting / Social Event

Shoot video Nametags

Other Business

Need to send a support letter for Bike Corridor initiative. We support the environmental aspects of the initiative

New ferry process - Laura-Maria has been speaking to Scott about how to continue to provide feedback. Hope is that we will be able to have a unique voice in the process, as the community who uses the ferry frequently - safety for children, etc.

Family Day: Ski-trip / Kid Corral - need to confirm details and dates (activities book up fast) - need to send communication to families

Upcoming Events / Activities

Ski-Trip event: should pilot managing organization and payment directly (and bypass school)

Selling Toques: Dec 18th and 19th

Skate Night (organized by the school)

Toronto Marlies event
