Access past funds/bank account and Foundation access – Abi

- CRA wants TDSB letterhead stating that President = Chair/Co-Chair, "Toronto Island Public School" = School Council
- E.g. "ex officio the President of the Toronto Island Public School" = "Abi Wren", Co-Chair of IPS School Council
- E-mail Gary what's required & he'll do it
- **Jason** send **Abi** draft of CRA-preferred wording to send to Gary

Outdoor Classroom/Playground - Group Discussion

- Spider web replaced, frame was structurally sound, is \$18,000 cost, under warranty / TDSB covering
- There is a store room near the front of the school that Gary wants to put balls & etc. in for kids to have access to
- Outdoor classroom & stumps removed: safety audit by AON (?) global risk management, came Nov 6 to do risk audit of school
- Every time a kid trips or falls we send in a report, was 8 incidents within a matter of days-weeks, were not minor injuries, were concussions & broken fingers
- Due to multiple frequent serious incidents TDSB sent a safety auditor to do a health and safety inspection
- Inspection saw wood was in bad condition, some holes in them that small kids' feet could fit in, they ordered the TDSB to remove it
- Outdoor classroom planks had degraded and kids were getting splinters
- Removal company showed up on day Gary was on leave of absence (Human Rights Commissioner work), was an acting principal was on-site that day
- Wood was removed since it was a health & safety issue
- TDSB has to comply with health & safety auditor's findings
- Outdoor classroom is only outdoor play area for kindergarten, is now empty
- Gary trying to get age-appropriate play equipment ASAP
- Lots of kids & parents upset due to surprise removal, missed opportunity to communicate details in advance; original expectation was removal would be in January but it happened much quicker than expected
- Kids came to speak to Gary about the forts & wood being taken away, agreed kids could put up pictures & write about what the forts & wood meant to them, would be a permanent installation at the school
- Gary: outdoor classroom is part of the school's identity, so it must be put back
- IPS is a nature-based school -- we will bring it back, kids & parents will have a say, we will do something with loose parts

- Action items (1) got spider web restored quickly, (2) are working with city & TDSB services to restore facilities for play (3) work with students & parents to install recess & instructional time equipment
- **Would be helpful:** parents write Gary nice, concerned letters asking for instructional & play equipment to be replaced: we need proper play structures for the kids, cc: usual people
 - We can form a playground revitalization committee with parents & kids
 - FYI on City of Toronto playground enhancements: <https://www.toronto.ca/city-government/planning-development/construction-new-facilities/playground-enhancement-program/>
- **Abi & Samira** organize community to write helpful letters

Principal's Report – Gary Pieters

- Questions only, main item was playground changes as above
- Can things be done at principal's school without principal's knowledge? e.g. playground equipment removal on day Gary isn't there
 - Yes, since Gary doesn't manage e.g. playground, fields, boiler room -- those are managed by facilities services, caretaker staff don't report to Gary, report to facilities so are under their direction (same with kitchen, is managed by nutritional services)
- Unrestricted computer use - Gary needs to follow up with teacher to ensure computer usage is appropriate & teachers are supervising usage
 - Parents expressed concerns with lack of restrictions on TDSB device internet access
 - Is there a TDSB policy on internet usage? Yes there is:
 - TDSB on-line code of conduct (applies to staff, too)
 - TDSB acceptable use policy
 - If teachers aren't compliant, and is brought to Gary's attention he can follow-up with them
 - Gary will raise this in his staff meeting & week-at-a-glance to staff
 - *Subsequent addition:* Gary's Dec 11 weekly roundup contained:
 - **Responsible Use of Technology at School During Instructional and Non-Instructional Times:**
 - Acceptable Use of Information Technologies <https://ppf.tdsb.on.ca/uploads/files/live/97/1933.pdf>
 - Online Code of Conduct <https://www.tdsb.on.ca/About-Us/Policies-Procedures-Forms/Online-Code-of-Conduct> and/or <https://schoolweb.tdsb.on.ca/elearning/Resources/Code-of-Online-Conduct>
 - Need to be mindful of where would we draw the line on restrictions? Could we agree as a group what is acceptable usage & which websites are permitted?

School Spirit Wear – Jen Yeung

- Lots of hard work by Jen Yeung!
- Throwback to original IPS sailboat logo (thank you Chantal!)
- New colour (grey) to stand out at community events since every school is blue
- Will pair ordering with Mabel's Labels @ deep discount
- **Jen** to keep working on this
